

Dreamweaver MX: Table of Contents

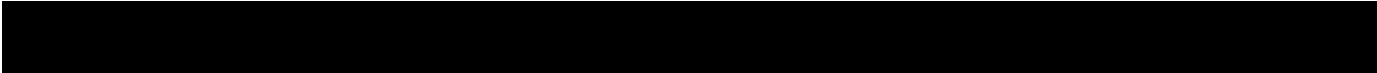

GETTING STARTED	1
<i>Platform</i>	1
<i>Prerequisites</i>	1
<i>The CD-ROM and Initial Setup Considerations</i>	1
Resource Files.....	1
The Work_In_Progress Folder	1
Locating Files	2
File Name Conventions.....	2
<i>Key Commands</i>	3
Function Keys	3
<i>System Requirements for Dreamweaver</i>	4
Macintosh.....	4
Windows.....	4
INTRODUCTION	5
1. FOUNDATIONS OF WEB DESIGN	7
<i>The Internet</i>	8
Components	8
The World Wide Web.....	9
Internet Services for the Developer	10
Search Engines.....	11
HTML — The Language of the Web.....	12
Hyperlinking.....	13
<i>Web-Design Software</i>	13
Editing Software	14
Browsers	16
Graphic Software.....	18
FTP Software.....	19
Multimedia Software.....	20
2. AN INTRODUCTION TO HTML	21
<i>HTML Document Structure</i>	22
Tag Structure.....	23
<i>HTML Elements and Attributes</i>	24
Top-Level Elements	24
Head Elements.....	25
Body Elements	26
<i>HTML Versions</i>	27
Deprecated and Obsolete Tags and Attributes.....	28
<i>Viewing Web-Page Source Code</i>	28
Viewing Source	29
<i>HTML Resources</i>	35
Online HTML Resources.....	35
Built-in Reference Tools.....	36

3. THE DREAMWEAVER ENVIRONMENT	37
<i>Workspace Layouts</i>	38
Dreamweaver 4 Workspace Layout	38
Other Workspace Layouts for Windows Systems	39
<i>Components of the Authoring Environment</i>	41
The Toolbars	42
The Panels, Inspectors, and Windows	42
The Document Window	53
<i>Preferences</i>	56
Document Window Sizes.....	57
Connection Speed and Download Time.....	58
Configuring Browsers for Previewing.....	60
4. INTRODUCTION TO SITE DESIGN	61
<i>Web Design 101</i>	62
Planning Your Site	63
Knowing Your Target Audience.....	63
Evaluating the Content	64
Creating Storyboards	65
Developing Flowcharts.....	65
<i>File and Folder Management</i>	67
The Root Folder.....	67
Nested Folders.....	68
The Home Page and File Organization	68
<i>Building a Site</i>	69
Creating Your First Web Page.....	70
Previewing Your Web Page in a Browser	72
Building Your First Web Site.....	74
5. APPLYING STRUCTURE TO TEXT	81
<i>Headings</i>	82
<i>Large Blocks of Text</i>	92
Paragraphs and Line Breaks	92
Block Quote	94
Horizontal Rules.....	96
<i>Lists</i>	98
Ordered Lists.....	98
Unordered Lists	100
Definition Lists	101
6. LINKING THE SITE	105
<i>Web-Site Management</i>	106
Pages and Sites	106
File-Naming Conventions.....	106
<i>Types of Links</i>	108
<i>Creating Links Using Dreamweaver</i>	109
Linking between Your Pages	109
Relative vs. Absolute Paths.....	115
Linking to Other Sites.....	117
Links within Pages.....	119
Images as Links.....	128
Image Maps.....	131
E-mail Links.....	138
Managing Your Links	139

7. IMAGES AND COLORS	143
<i>Image Formats</i>	145
Bitmap Images.....	145
Vector Images.....	148
<i>Inline Images</i>	150
Methods for Inserting Images.....	150
<i>Image Properties</i>	153
Alignment.....	155
Spacing and Borders.....	158
<i>Background Images</i>	160
Wallpaper-Pattern Backgrounds.....	161
Margin or Strip Tile Backgrounds.....	162
Watermark Backgrounds.....	163
<i>Inserting a Background Image</i>	164
<i>Colors of the Web</i>	167
The Web-Safe Color Palette.....	167
Hexadecimal Color Codes.....	168
8. WORKING WITH TYPE	173
<i>Live vs. Graphic Text</i>	174
<i>Physical Appearance vs. Logical Significance</i>	176
<i>Font Substitution</i>	177
<i>Fonts and Typefaces</i>	178
Font Categories.....	178
Web Fonts.....	179
Font Lists.....	179
Font Sizes.....	183
Using Formatting Effectively.....	189
<i>Special Characters</i>	189
9. HTML STYLES AND CSS	193
<i>Styles</i>	194
Types of Styles.....	194
HTML Styles: Definitions and Application.....	195
<i>Cascading Style Sheets</i>	202
Properties and Values.....	203
Inline, Embedded, or External.....	203
CSS Selectors.....	211
<i>Style Properties and Values</i>	227
Text and Font Properties.....	227
List Properties.....	229
Background and Color Properties.....	232
Border, Margin, and Padding.....	234
FREE-FORM PROJECT #1	237
REVIEW #1	238

10. TABLES	239
<i>Uses of Tables</i>	240
Organization of Content.....	240
Web-Page Layout.....	241
Tables, Frames, or Layers	243
<i>Creating Tables</i>	243
<i>Table Tags and Attributes</i>	243
Rows, Columns, and Cells	245
Tables within Tables	251
<i>Using Layout View</i>	255
11. CREATING WEB FORMS	265
<i>How Forms Work</i>	266
<i>Preparing to Create a Form</i>	267
What to Ask.....	267
How to Ask.....	267
<i>Form Elements</i>	268
Text Fields.....	268
Textarea Fields.....	269
Radio Buttons	269
Check Boxes	270
Lists and Menus.....	270
Buttons	271
Image Buttons.....	271
<i>Default Fields and Other Form Object Attributes</i>	280
12. FRAMES	281
<i>Browser Considerations</i>	282
Pros and Cons of Using Frames.....	283
<i>Framesets</i>	284
<i>Good and Bad Frame Design</i>	285
<i>Framesets and Frames</i>	286
Attributes of the Frameset and Frame Tags	286
<i>Content</i>	289
Nonframed Content.....	289
Linking within Frames.....	293
Background Images and Colors.....	296
Seamless Frame Images.....	296
13. USING LAYERS TO DESIGN PAGES	303
<i>Layer Properties</i>	304
Precision Positioning.....	304
Stacking Order — The Z-Index.....	306
<i>Designing with Layers</i>	306
<i>How to Create Layers</i>	306
Positioning Layers.....	307
Nested Layers	308
Layer Preferences	308
<i>The Layers Panel</i>	308
<i>Using Tracing Images</i>	321
<i>Converting Layers to a Table</i>	324

14. ASSISTIVE TECHNOLOGIES	327
<i>Prefabricated Constructions</i>	328
<i>Library Items</i>	329
<i>Templates</i>	336
<i>Snippets</i>	343
<i>Time-Saving Techniques</i>	345
Context Menus.....	346
15. MAKING YOUR WEB PAGES BEHAVE	349
<i>JavaScript</i>	350
<i>Behaviors and Events</i>	351
<i>Working with Behaviors</i>	352
<i>Behaviors for Forms</i>	354
<i>Rollovers</i>	359
Simple Rollovers.....	360
Navigation Bars.....	365
<i>Jump Menus</i>	370
16. ANIMATION AND DHTML	373
<i>DHTML</i>	374
<i>Types of Animations</i>	376
Planning Your Animation.....	376
<i>The Timelines Panel</i>	376
Adding Movement to Layers.....	387
Creating Slide Effects.....	389
Controlling Speed and Timing.....	389
Recording the Movement of Objects.....	390
<i>Tweening: A Principle of Animation</i>	394
<i>Animation and Menus</i>	394
JavaScript Code and the Pop-Up Menu Animation.....	408
17. PLUG-IN TECHNOLOGIES	411
<i>Inserting Flash Content</i>	413
<i>Director and Shockwave</i>	417
<i>QuickTime</i>	418
<i>Sounds</i>	419
Sound Formats.....	420
Size Consideration.....	420
18. MANAGING YOUR SITE	421
<i>Local and Remote Sites</i>	422
FTP.....	423
<i>Downloading and Uploading</i>	424
Synchronizing Your Site.....	424
<i>Site Navigation</i>	424
Direct Access to Individual Files.....	424
Checking Your Changes.....	424
